Assistant Director, Research and Reports
Chief, Division of Techniques and Methods, ORR
D/T Organization

13 October 1952

PROBLEM:

- 1. It is necessary that a concrete D/T organisational structure be now established without delay. D/T's effectiveness, planning, directing, coordinating, controlling, and morale suffer from the inadequacies of its present de facto type of organisation.
- 2. Full effectiveness requires breaking away completely from the attempt to fit D/T's organization to an arbitrary collection of too-few authorized and many horrowed "slots".
 - D/T and its consultants propose:

RECOMMENDATIONS:

- That the organizational structure of D/T, and its unclassified designators, be as shown in Tabs "A" and "B".
- 2. That existing and borrowed "slots" now in use be cancelled, and new "slots" designated under "D/T Table of Organisation 15 October 1952 through 30 June 1953", as summarised in Tab "G" and detailed in Tab "D".
- 3. That the proposed "D/T Table of Organisation 1 July 1953 through 30 June 1954", as summarised in Tab "G" and detailed in Tab "E", be now approved as essential for present planning and efficient recruitment action.
